I. PURPOSE

This policy reflects the commitment of PT Merdeka Copper Gold Tbk to implement effective and robust waste management in all of Merdeka's operations.

II. SCOPE

This policy is applicable to PT Merdeka Copper Gold Tbk and subsidiaries under its operational control (hereinafter shall be referred to as "MCG") and its business partners. We will work together and encourage our joint ventures and business partners, that are not within our operational control, to align their practices with this policy.

III. OUR COMMITMENT

We are committed to:

1. Complying with all prevailing Indonesian laws and regulatory requirements and implementing Best Industry Practices in waste management.
2. Documenting and implementing appropriate procedures for the safe transport, handling, storage, and disposal of waste.
3. Adopting a mitigation hierarchy that includes anticipating and avoiding impacts of our hazardous, non-hazardous and domestic waste generation on workers, affected communities, and the environment, or where avoidance is not possible, minimizing the impacts and compensating or offsetting the residual impacts.
4. Treating or disposing of wastes in an environmentally sound manner when waste cannot be recycled or reused.
5. Using reputable and licensed third parties for hazardous waste collection, transport, processing, utilization and/or disposal.
6. Continually improving our approaches to waste management to eliminate or reduce waste volumes, and its impacts on human health and the environment.
7. Promoting a life cycle perspective for our supply chain management to reduce the generation of waste.

IV. RESPONSIBILITY AND OVERSIGHT

The MCG Sustainability Committee, chaired by the Vice President Director, is responsible for formulating strategy and overseeing the performance of the Waste Management Policy implementation.

MCG Sustainability Committee regularly reports on the implementation of the Waste Management Policy to the Board of Directors.

The Head of Technical Mining (KTT) or General Manager of Operations is responsible for communicating and monitoring the implementation of MCG's Waste Management Policy.
